

Arcadia Biosciences to Present at the Credit Suisse 30th Annual Basic Materials Conference on September 13, 2017

September 6, 2017

DAVIS, Calif.--(BUSINESS WIRE)--Sep. 6, 2017-- Arcadia Biosciences, Inc. (Nasdaq: RKDA), an agricultural technology company that creates value for farmers while benefitting the environment and enhancing human health, today announced that it will participate in the Credit Suisse 30th Annual Basic Materials Conference in New York City.

Raj Ketkar, Arcadia's president and CEO, will present a business overview at 3:05 p.m. EDT on Wednesday, September 13, 2017. Mr. Ketkar and Matthew Plavan, Arcadia's chief financial officer, will be available throughout the day for meetings with investors.

Investors attending the conference may schedule a meeting through their representatives at Credit Suisse. Arcadia's investor handout will be available at the conference and in the [Investors](#) section of the company's website.

About Arcadia Biosciences, Inc.

Based in Davis, Calif., Arcadia Biosciences (Nasdaq: RKDA) develops agricultural products that create added value for farmers while benefitting the environment and enhancing human health. Arcadia's agronomic performance traits, including Nitrogen Use Efficiency, Water Use Efficiency, Salinity Tolerance, Heat Tolerance and Herbicide Tolerance, are all aimed at making agricultural production more economically efficient and environmentally sound. Arcadia's nutrition traits and products are aimed at creating healthier ingredients and whole foods with lower production costs. For more information, visit www.arcadiabio.com.
