

Arcadia Biosciences, Inc. Files Registration Statement for Proposed Initial Public Offering

February 17, 2015 1:00 AM ET

Davis, Calif. (February 17, 2015) – Arcadia Biosciences, Inc. announced today that it has filed a registration statement on Form S-1 with the U.S. Securities and Exchange Commission (SEC) for a proposed initial public offering of its common stock. The number of shares to be offered and the price range for the proposed offering have not yet been determined. Arcadia intends to apply to list its common stock on The NASDAQ Global Market under the symbol “RKDA.”

Credit Suisse Securities (USA) LLC and J.P. Morgan Securities LLC are acting as joint lead book-running managers, and Piper Jaffray & Co. is acting as an additional book-running manager, for the proposed offering.

The proposed offering will be made only by means of a prospectus. When available, copies of the prospectus relating to the offering may be obtained from Credit Suisse Securities (USA) LLC, Attention: Prospectus Department, One Madison Avenue, New York, NY 10010, phone: (800) 221-1037, email: newyork.prospectus@credit-suisse.com; or J.P. Morgan Securities LLC, c/o Broadridge Financial Solutions, 1155 Long Island Avenue, Edgewood, New York 11717, phone: (866) 803-9204.

A registration statement relating to these securities has been filed with the SEC but has not yet become effective. These securities may not be sold nor may offers to buy these securities be accepted prior to the time the registration statement becomes effective. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About Arcadia Biosciences, Inc.

Based in Davis, Calif., with additional facilities in Seattle, Wash. and Phoenix, Ariz., Arcadia Biosciences is focused on developing agricultural products that benefit the environment and enhance human health. Arcadia’s agronomic performance traits, including Nitrogen Use Efficiency, Water Use Efficiency, Salt Tolerance, Heat Tolerance and Herbicide Tolerance, are all aimed at making agricultural production more economically efficient and environmentally sound. Arcadia’s nutrition technologies and products are aimed at creating healthier ingredients and whole foods with lower production costs.
